

New Irish Motorcycle Web site "www.bikerbazaar.com" is Ready to ROAR!

www.bikerbazaar.com, the largest online superstore for bikers in Ireland is now ready to roar onto the Irish market with the official kick off date coinciding with this years British Superbike Championship race that is being staged at Mondello Park in Co. Kildare on May 23rd.

Wicklow Town, Co Wicklow, Ireland (PRWEB) May 22, 2004 -- In September 2003 Edward and Lisa Gaynor returned to Ireland, after living in Denmark for a number of years, with the idea of setting up an on-line store where Motorcycle enthusiasts can go to purchase all their clothing, accessories, safety equipment, tools and equipment needs in one place. Edward and Lisa both own motorcycles and after their time abroad realised that products on offer to the average motorcyclist in Ireland was both limited and expensive, so they decided to try and set about changing this Â□ thus the creation of www.bikerbazaar.com

After some initial work the website was turned live on the 1st of January 2001 both for testing purposes and to hopefully bring in some cash to pay the bills while the site was being developed. After nearly 6 months of continuous work and over 25,000 different products now available on the website www.bikerbazaar.com they felt that the time had come to put their keyboards down and get themselves known.
