

Virginia Dealership Offers Sub One-Hour Car Buying Program

Apple Valley Hyundai offers hassle-free express car-buying service

WINCHESTER, Va. ([PRWEB](#)) March 12, 2020 -- It's safe to say that few people enjoy dense, time-consuming paperwork or multiple trips to a facility for a single service. In the past—and presently—car dealerships have been plagued by these problems. Apple Valley Hyundai, a dealership based out of Winchester, Virginia, addresses and remedies these problems with its new Express Delivery Service. It is advertised to get buyers “in and out, with [their] new car, in less than one hour!”

The Apple Valley Hyundai Express Delivery Service utilizes multiple steps that a prospective customer can do in the privacy of their own home, on their own time. One step is to fill out the Apple Valley Hyundai financing pre-approval form. This can be done at any time, like any other financing application. Filling it out doesn't bind the prospective customer to any options supplied as a result. Another step is trade-in appraisal, where any vehicles that are planned to be traded in are appraised by the dealership and pre-approved. The result of all of this is much less paperwork and time spent at the dealership. Which means customers can go to the dealership, sign a few papers, hand over the keys to their old vehicle and leave in their new one, all in under one hour.

Interested parties are encouraged to visit the Apple Valley Hyundai website, www.applevalleyhyundai.com, for more information. The dealership can also be reached via phone by calling 855-463-5530. The facility is located at 2934 Valley Avenue, Winchester, and is available to visit during operating hours.
