VANCOUVER, CANADA ([PRWEB](http://PRWEB)) October 6, 2004 -- If you are going to listen to music, do it fast and do it furious! Fastrax Media is pleased to announce that their website offers free soundtracks to fans of The Fast And The Furious franchise.

A new soundtrack can be downloaded from [www.furiousfast.com](http://www.furiousfast.com), every month.

"You've seen The Fast And The Furious & 2Fast 2Furious, purchased the DVD's, and you even bought the movie soundtracks. But you feel that something is still missing," says Adam Kidd, webmaster of [www.furiousfast.com](http://www.furiousfast.com). "So we created fast furious soundtracks to fill the void with heart-pounding excitement. Our soundtracks help you to feel the adrenaline rush you experienced while watching the movies for the first time.

"It was my thought that rave music was the kind of pulsing electronica, that could hold all this together and make a beautiful energetic bed for the action, the characters, and the songs," said Rob Cohen, Director of The Fast And The Furious.

"I know that fans are tricking out their cars to emulate rides from The Fast And The Furious movies, with body-kits, big rims, tinted windows, new paint jobs and sound systems. Our free fast furious soundtracks are the final touch to these super cars," says Adam.

If you can't wait until The Fast And The Furious 3 hits the theatres in Summer 2005, then visit [www.FuriousFast.com](http://www.FuriousFast.com) for music that fires on all cylinders!
