

Edashkit.com Wrangler Dash Trim Kits

New addition of Wrangler to 08 kit line up.

Martinsville, VA ([PRWEB](#)) October 10, 2004 -- eDashkit has announced another successful campaign on its new line up of wood grain, carbon fiber and aluminum Dash Trim Kits.

"We are pleased with the general feedback our customers have provided to us in the past and have designed an all new kit for the Jeep Wrangler" stated Will Tillery, Customer Relations Manager.

With the release of several new Wrangler models in the past few years Edashkit.com has been able to add an extensive library of selections to its online catalog.

Edashkit has also announced it will offer the Wrangler dash kits in carbon fiber, aluminum and all woodgrains.

"We want to make sure each and every customer feels like our dash trim kits are custom made for them, whether pink or dark burlwood its the customers very own creation". Tillery stated.

With one of the lowest price dash trim kit selections on the web we believe the Edashkit.com team will meet the needs of many Wrangler owners. You can find edashkit dash trim kits available at www.edashkit.com as well as many vendors worldwide.
