Florida Hyundai Dealer Informs Drivers With 2018 Ioniq Hybrid And Kona Crossover Research Pages

MELBOURNE, Fla., March 29, 2018 /PRNewswire-iReach/ -- The auto industry is always turning out new vehicles that promise to give drivers everything they want and need in a new vehicle but, very seldom do they deliver. Hyundai recently introduced a new hybrid model last year and this year it's an all-new highly versatile and capable crossover. To help shoppers learn more about the two new models, Coastal Hyundai, a new and used Hyundai dealership in Melbourne, Florida, has recently added new research pages to help inform its local shoppers, and drivers all around the country about each of their incredible offerings. The two new detailed model reviews and research pages that are now available on the dealership's informative website are giving drivers a more in-depth look at the 2018 Hyundai Ioniq Hybrid and the stylish 2018 Hyundai Kona crossover SUV.

The 2018 Hyundai Ioniq Hybrid research and information page that is now available on the Coastal Hyundai website offers interested drivers the details they need to know to make the most informed buying decision when it comes time for them to choose a new hybrid. Valuable information includes a listing of the new features available in the 2018 Hyundai Ioniq Hybrid as well as its [fuel economy rating](#). A second, and equally thorough review, is also giving shoppers a closer look at the offerings of the all-new 2018 Hyundai Kona. The Hyundai Kona is a subcompact crossover that delivers excellent style and capability as well as impressive versatility while offering drivers and passengers a long list of standard and available [technology features and comfort options](#) to choose from.

To learn more about either the 2018 Hyundai Kona or the 2018 Hyundai Ioniq Hybrid, drivers are encouraged to look over the research pages for themselves by visiting the dealership's website at www.coastalhyundai.com. Shoppers may also contact the Melbourne, Florida Hyundai dealer with further questions by calling 888-928-4762.
