Mother Nature wins first TNT Super Series event of 2011

Rain showed up part way through first round

LANCASTER, NEW YORK (May 10, 2011) Twenty-four competitors took to the eighth-mile at Dunn Tire Raceway Park (DTRP) for the Joe's Transmission TNT Super Series (TNTSS) season opener last Friday night.

After two rounds of qualifying, Jon Jablonski of West Seneca, NY sat atop the field with a stout 7.001 pass in his beautiful 1967 Chevy II.

Then four cars into round one, the rains came and ended the night forcing the event - presented by Kevin Orr Mechanical - to be rescheduled for Friday June 10th at DTRP.

With round one not completed, TNTSS rules state that eliminations revert back to the previous round. "This means that round one effectively didn't happen," said Ted

Barnes, TNTSS Director. "We'll have a brand new race on the 10th but will include tonight's qualifying sessions so nobody gets penalized."

Next stop for the Joe's Transmission TNT Super Series competitors is a double-header weekend at Cayuga Dragway on May 21-22. Visit www.tntsuperseries.com for all the latest in TNTSS news and information.

About the Joe's Transmission TNT Super Series (TNTSS):

Since it began in 2006, the TNT Super Series has grown into one of the strongest, most competitive sportsman drag racing series in North America and has catapulted many competitors to success on the national and divisional stage.

The TNTSS is a self-governing organization with input from its teams. Based on NHRA's Super Street & IHRA's Hot Rod classes, competitors run on a 10.90 index in the 1/4 mile (7.00 in the 1/8 mile) and race for a guaranteed purse that pays back more than 100% of the racer's entry fees. The yearend Series Champion receives a prize package worth over \$3500.00.

The TNTSS is committed to providing the highest level of competition backed by solid media support to showcase its participants across North America. Events are contested at various drag racing facilities in southern Ontario and western New York and put on a spectacular show for the drag racing fan.
