## Recall Notice

**Recall #TM-0031 : Tahoe Trailer Tires**

**Condition: Trailers manufactured with incorrect load range tires**

**Models Affected: Trailstar trailers for Tahoe 400/450 boats manufactured between April 13 and June 24, 2015.**

**Trailstar single axle trailers for Tahoe 500/550 boats manufactured between March 23 and June 24, 2015.**

**Labor Time: .5 HR**

## Recall Information

**DESCRIPTION OF CONCERN:**

It has been determined Trailstar trailers for Tahoe 400/450 boats manufactured between April 13 and June 24, 2015 and single axle trailers for Tahoe 500/550 boats manufactured between March 19 and June 24, 2015 may have had load range C tires installed. The affected models require load range D tires.

We have sent this notification in the interest of consumer safety and continued satisfaction with our products and in accordance with Title 46 United States Code Chapter 43, Sec 4310.

**VERIFICATION PROCESS:**

Inspect the tires to verify the load range.

**CORRECTIVE ACTION:**

Corrective action for this condition is replacing load range C tires and wheels with load range D tires and wheels. Part #187276 tire/wheel is used for Tahoe 400/450 models. Part #187274 is used for Tahoe 500/550 models.

When filing your warranty claim for reimbursement, only include any parts and labor directly associated with this bulletin.

**CONSUMER NOTIFICATION:**

All warranty registered retail consumers that have purchased boats with the affected production dates (have been/will be) notified of this recall by first class mail. If you are aware of any affected units that have been sold, please notify our warranty department to pursue corrective action. A copy of the consumer letter is included in this bulletin.

Direct any questions to Tracker Marine Group Warranty Department at 866-378-2529.

**RE: SAFETY RECALL NOTICE**  
**Trailstar Trailer Tire Load Range Incorrect**

Dear Tracker Marine Group Customer,

At Tracker Marine Group we value you as a customer and appreciate your business. We have sent this notification in the interest of your continued satisfaction with our products and in accordance with Title 46 United States Code Chapter 43, Sec 4310.

It has come to our attention that a small number of trailers were manufactured with incorrect Load Range C tires. Our records indicate your Trailstar trailer may have been in the range of affected trailers. These trailers require Load Range D tires.

Corrective action is the replacement of the tire/wheel assemblies with Load Range D tire/wheel assemblies. If you have purchased a Load Range C spare tire, the spare will be exchanged. This substitution will be performed at no charge to you.

Contact your selling dealer or your nearest authorized Tracker Marine Group dealer to verify the tire load range on your trailer and perform this substitution as needed.

If you have any questions, you may contact Tracker Marine Group Consumer Relations at 417-873-4555.

Please accept our most sincere apology for your inconvenience, however, we have taken this action in the interest of your continued satisfaction with our product.

Sincerely,

Tricia Cusic  
Advocacy Response Supervisor  
Tracker Marine Group

**PLEASE READ THE ENTIRE INSTRUCTION SET BEFORE  
PROCEEDING WITH ANY CORRECTIVE ACTION**

**Visually inspect the tires on the trailer to verify if any require replacement as per the instructions provided in the bulletin prior to securing the trailer on a jackstand.**

**Begin this process only after the following safety precautions have been followed if jacking up the trailer is required.**

- It is recommended to have the trailer on a smooth and level concrete or asphalt surface to perform the corrections.**
- Jack up the trailer using a jack of adequate capacity to lift the package. Chock the opposite wheel fore and aft.**
- Secure the trailer on a jackstand of adequate capacity to support the package.**
- When jacking and using jackstands, place them so as to clear wiring, brake lines, and suspension parts.**

## IDENTIFYING LOAD RANGE OF TIRES

Visually inspect the tires on the trailer to verify if any require replacement. The pictures below show the load range displayed the tire sidewall. Replace load range "C" tires/wheels with load range "D" tires wheels.
